How We Started

It all started in a basement...

Good Health Will (formerly Rocky Mountain Medical Outfitting & Recycling – RMMOR) started in 2006 by the mom of a child with special needs in Fort Collins, CO. She realized that large amounts of medical equipment and supplies were being thrown away as there were few ways to connect these items to the people who might need them. Knowing she could bridge the gap, she utilized her home to collect equipment and help those in need.

From a basement to retail stores...

Once RMMOR obtained recognition as a 501(c)3 nonprofit organization and donations became tax deductible more space was needed, and a warehouse store front opened in Loveland, CO January of 2011. After opening a second store in Greeley, CO July of 2013 Rocky Mountain Medical Outfitting & Recycling rebranded to Good Health Will.

“Finding Good Health Will has truly been a godsend. Many thanks for all you do to keep Good Health Will a strong resource in our community.”

- Joanna R.
